If you want a simple design this stable is so easy.

1. Find a cardboard box with a lid (shoeboxes are good).
2. (This is optional) Colour or decorate the outside of the box.
3. (This is optional) Use some wool/ripped up newspaper/dried spaghetti to create some hay for your stable floor.
4. Make the Nativity characters to help you act out the Christmas Story.
5. Take some photos of your stable and email them to your class teacher to become part of our whole school virtual travelling crib diary.

Build your own stable to act out the Christmas story. You could use your own dolls or toys to be the Nativity characters.

Chairs and lots of blankets stable.....

A big box stable.....

Under the table stable.....

Please take some photos of your stable and email them to your class teacher to become part of our whole school virtual travelling crib diary.
